Can I Place Orders for Plain Products?
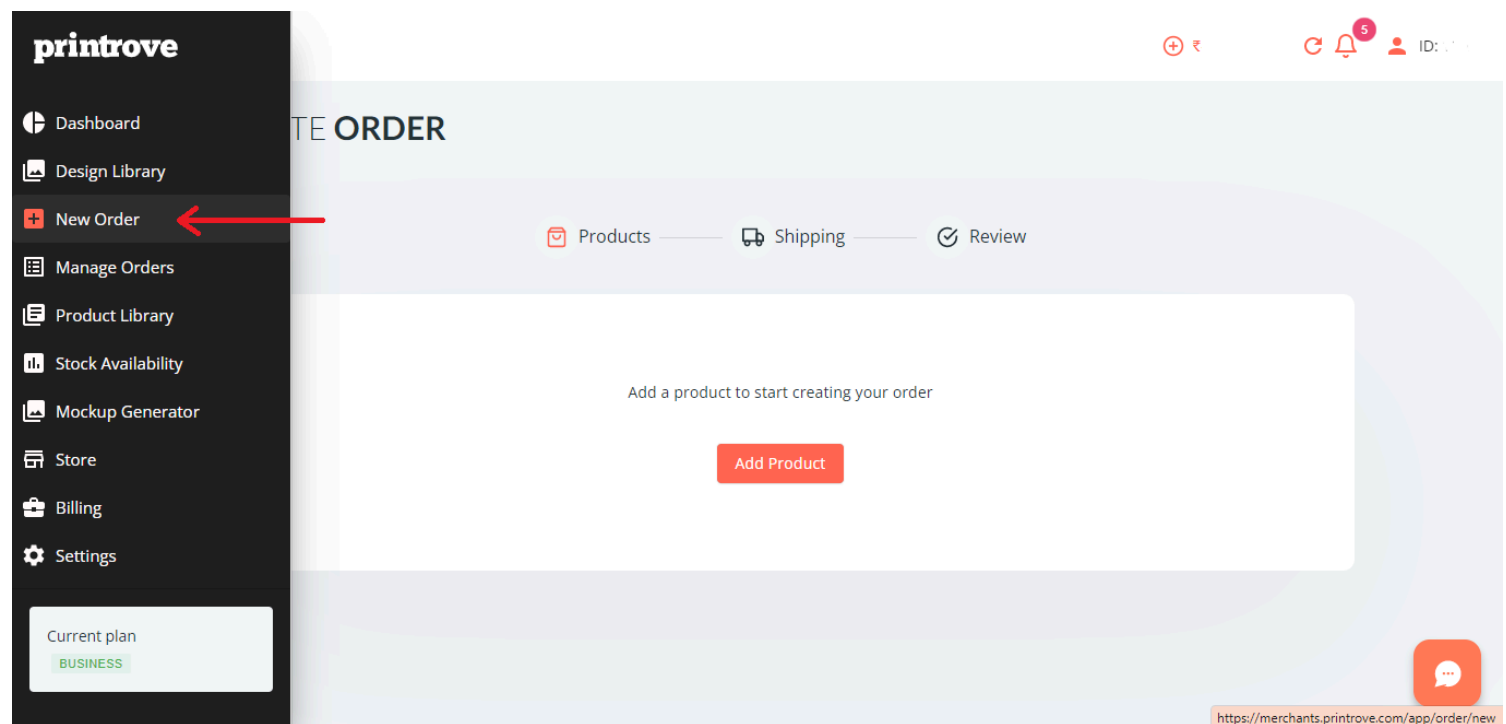

You **can** place orders for plain products with Printrove. Learn everything there is to know about ordering plain apparel by reading on.

> ⓘ   Please note that this is applicable for **Apparel** products only.

How to Place Orders for Plain Products?

You can place an order for a plain product in **5 easy steps**. They are as follows.
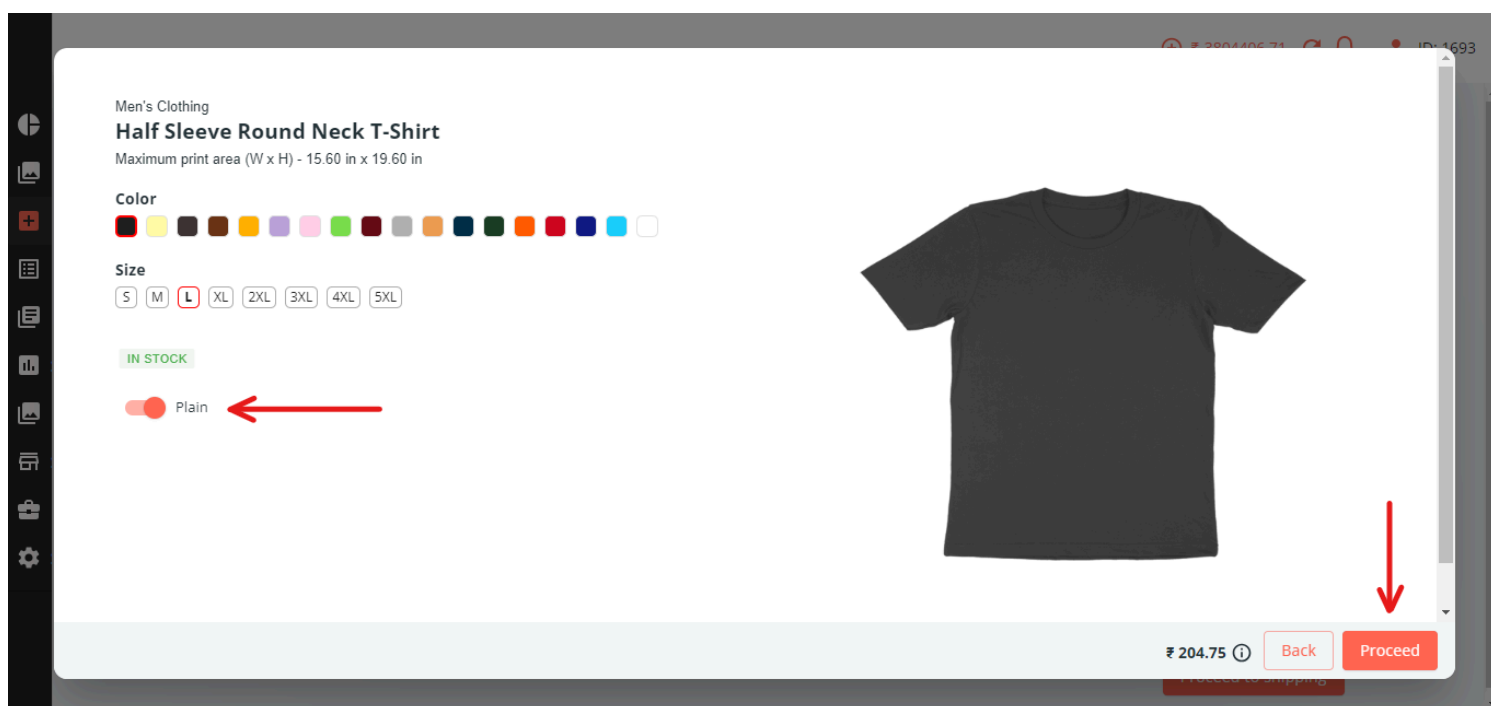

Step 1: On the [Merchant Panel](#), head over to **New Order**.

Step 2: Select the preferred *Category* and *Product*. Click on **Proceed**.

Step 3: Choose the colour and size of the product and **enable the toggle** for Plain in the Product Design Window. Click on **Proceed**.

Step 4: Review the product details and proceed to fill in the shipping details.

Step 5: Select the preferred courier company, review the shipping details and complete the process by clicking the **Place Order** button.

How are plain products charged?

The payment system for plain products is the same as any other order, through **[Printrove Credits](#)**. The charges consist of:

- Base Price
- Handling Charge
- GST
- Shipping Charge

> 📄 The handling charge is fixed at **Rs.30**. To know more about the pricing calculation, you can refer to the following article. [How do we calculate the pricing of an apparel product?](#)

What is the dispatch timeline?

Since no processing is required with plain products, you can expect an order for them to be dispatched **within 24 hours** of placing. This ensures a quick turnaround time so you can receive your products as soon as possible.

Ordering plain products is straightforward and efficient, with transparent pricing and a quick processing timeline. If you have any further questions or need assistance, feel free to reach out to our support team at **support@printrove.com**.
